# HR Metrics Hiring Managers Believe

## TIME TO HIRE

Anything we can do to reduce time of the process works well for Hiring Managers & candidates

## COST PER HIRE

Everyone wants to reduce costs of a business process. Candidates can be sourced at lower direct cost if you have the right operations in place.

## SOURCE OF HIRE

Modern recruiting has a wide Sourcing Mix. Using the right source at the right time, and understand what these are is vital.

Turned down an offer due to a bad recruiting experience

## Candidate Trends

Being in the know gives you a competitive edge, and makes your company and jobs irresistible to candidates.

70%

of the global workforce is made up of passive talent who aren't actively job searching, and the remaining 30% are active job seekers.

87%

of active and passive candidates are open to new job opportunities.

The #1 reason people change jobs is

**career opportunity**

The top channels people use to

**look for new jobs**

are online job boards (60%), social professional networks (56%), and word of mouth (50%).

The most important factors in

**accepting a new job**

are compensation (49%), professional development (33%), and better work/life balance (29%).

## Candidate Experience

Insights into what candidates want throughout their job search journey helps you build a recruiting strategy that will find and hire top talent faster.

The most effective

### talent branding tools

are company websites (68%), online professional networks (i.e., LinkedIn), and social media (i.e., Facebook, Twitter).

### 89% of talent

says being contacted by their recruiter can make them accept a job offer faster.

### 94%

says being contacted by their prospective manager can make them accept a job offer faster.

Talent is

### 4x more likely

to consider your company for a future opportunity when you offer them constructive feedback.

### 94% of talent

wants to receive interview feedback, but only 41% have received interview feedback before.

## Features related to improving the candidate's perception and experience

**“60% of candidates are likely to abandon the recruitment process halfway through if it turns out to be too long or complex” – SHRM**

# Video Review Questions

**“The Instagram videos that receive the most comments are 26 seconds long on average.”  
- Hubspot**

- Incorporate video questions into your application or selection process
- Pose a question and ask your candidates to provide a short response via video clip.
- No additional software needed
- Recordings are held in Talentlink, viewable on demand in various places depending on who you are...

# Application Review Tool

The screenshot shows a web interface for reviewing a candidate's application. On the left, under 'Candidate review', there's a list of documents for 'Kang, Melissa': Candidate Summary, Request to conduct an application review for 149622 for the role of Test Vacancy, Application received for position Test Vacancy, Melissa\_Kang\_149622\_Candidate\_Pack.pdf, Test Doc.docx, Personal Information Form (0), Part 2 Master WJobs Standard- Disability Confident (0), and Standard application form & eligibility (0). On the right, under 'Your Assessment', there's a 'Due: 04/09/2019' banner, a message to 'Please Review Candidate James Hinchcliffe for your Quick Assessment Test position.', a 'Dear Alison,' greeting, a 'Please review the candidate James Hinchcliffe' instruction, a 5-star rating system, a comment box, and a 'CONTINUE WITH FEEDBACK FORM' button.

The screenshot shows a mobile view of the assessment interface. It features a 'Your Assessment' header, a 'Due: Tomorrow' banner, a message to 'Please Review Candidate James Hinchcliffe for your Quick Assessment Test position.', a 'Dear Alison,' greeting, a 'Please review the candidate James Hinchcliffe' instruction, a 5-star rating system, a comment box, and buttons for 'PROCEED' and 'REJECT'.

The screenshot shows a desktop view of the assessment interface. It displays candidate details for 'Kazimierz Skawinski (66384)' and a 'Feedback Report' for 'Schiphol Interview Feedback (Version 4)'. It includes two 'Specific Competency' sections, each with radio buttons for 'No Evidence', 'Partially Met', and 'Fully Met', and a 'Comments' text area. At the bottom, there are 'CLOSE', 'PRINT', and 'SEND AND COMPLETE' buttons.

Feedback that takes too long to gather – never makes it to the candidate.  
Does every stage need subjective opinions to be recorded?

- Allows those shortlisting to easily review the application form electronically
- 3 approaches available to gather feedback, depending on the quality of response required,
  - a single click decision,
  - 5 star rating with comment
  - a bespoke feedback form.

Allows you to measure the effectiveness of your paid for sourcing channels (such as LinkedIn, external Job Boards) and see these sources within the Talentlink candidate record.

You can do this by appending code to the application link using **&sType=Sourcename**.

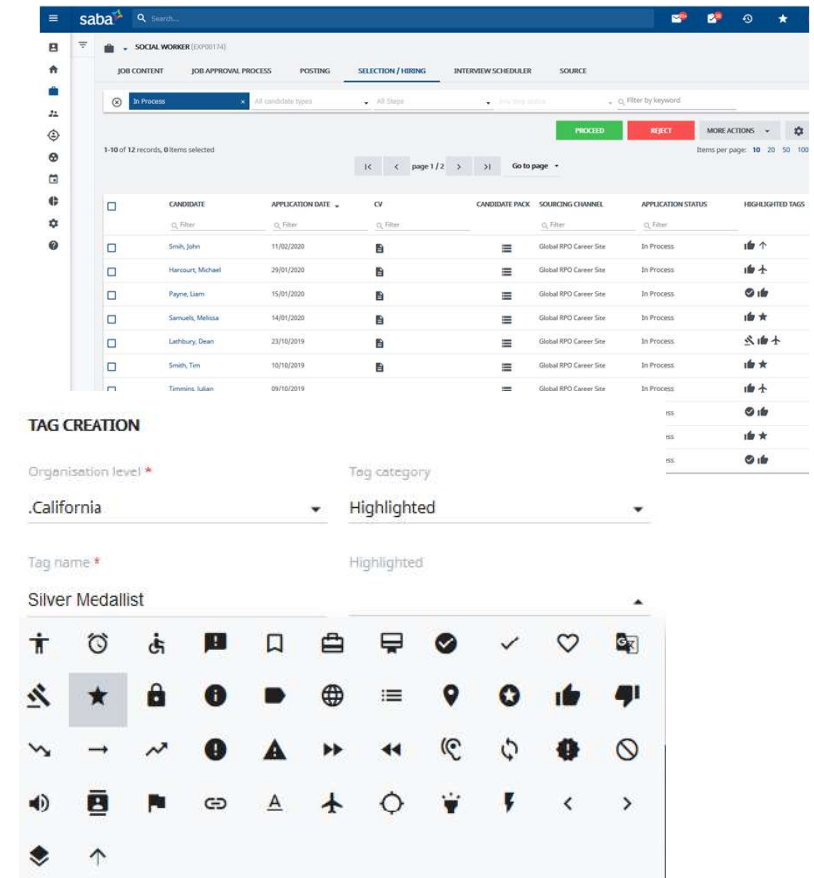

- If using jobs by email, copy apply link form email apply link  
[https://wme-applicants.stage.4matnetworks.com/apply?jobId=Q8JFK026203F3VB8M796GF661-97272&langCode=en\\_GB&step=DIRECT](https://wme-applicants.stage.4matnetworks.com/apply?jobId=Q8JFK026203F3VB8M796GF661-97272&langCode=en_GB&step=DIRECT)
- remove “&step=DIRECT” from end of URL and replace with **&sType=Sourcename**

# Technical Effectiveness

Technical projects are only good if they benefit users.

Users are heavy consumers of everyday technology and come to TalentLink projects with high expectations – based on the budgets of Facebook, Instagram and the rest....

# Single Sign On

Provide all users with a smooth transition into TalentLink.

What do you hate? Forgetting and resetting your password – so do everyone a favour - get rid of it.

- Replace the standard TalentLink authentication mechanism with your own
- Allows access to Talentlink via single corporate sign on.
- Security Assertion Markup Language 2.0 (SAML 2.0) is used.

Improves User Adoption and Speed of process which improves Candidate Experience and Satisfaction.

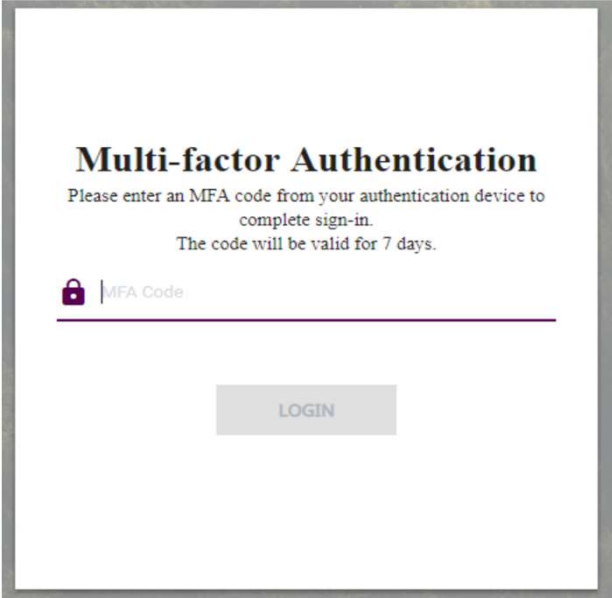

# Multi Factor Authentication

Secure data is good data in 2020

Increasingly your organisations are providing added protections to Candidate Personal Information.

- An extra layer of protection on top of your user name and password.
- With MFA enabled, when users sign into TalentLink, they will be prompted for their user name and password (the first factor) as well as for an authentication response from their MFA device (the second factor).
- All users will be required to complete the device pairing process in order to log into TalentLink.

The screenshot shows a login interface for Multi-factor Authentication. At the top, the title "Multi-factor Authentication" is displayed in bold. Below it, instructions state: "Please enter an MFA code from your authentication device to complete sign-in. The code will be valid for 7 days." There is a label "MFA Code" next to a text input field. Below the input field is a grey button labeled "LOGIN".

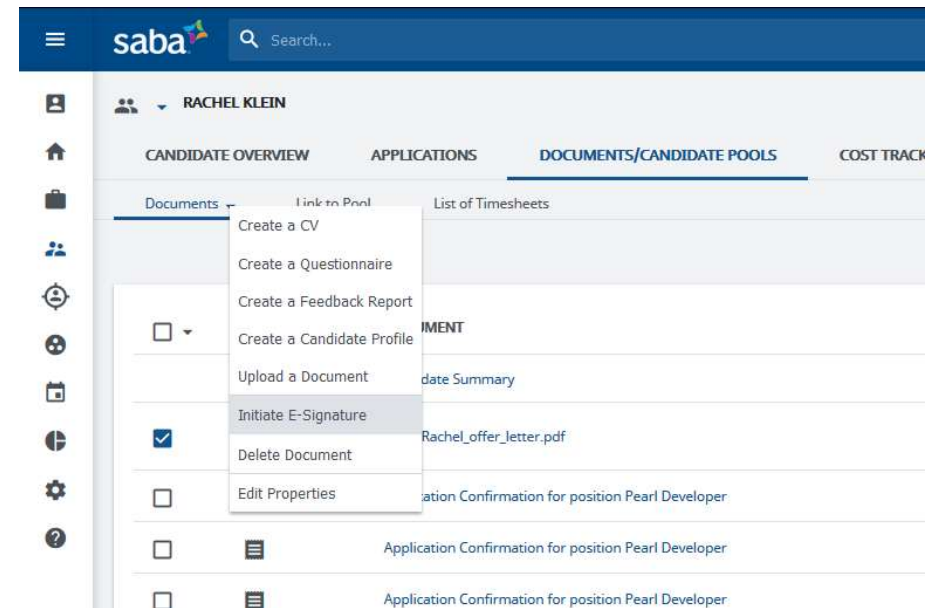

# DocuSign Integration

**“49% of job seekers said they’ve turned down an offer because of a bad candidate experience.\_PWC”**

**Candidates want an offer 1-2 weeks after interview**  
**Average time to offer for your organisations?**

**Faster offers – reap satisfaction rewards!**

- Supports the process from preparing agreements, signing and managing them within Talentlink.
- Initiated during any stage of the recruiting process in the context of applicant documents.
- Offer a full digital experience for successful applicants

COFFEE BREAK

# Process Effectiveness

A whopping 92% of candidates say they've experienced poor recruiting practices at some point in their career. Two frustrating behaviors in particular stand out:

- Businesses that drag out the recruiting process longer than a month—experienced by 67% of job seekers.
- Ghosting - Recruiters who vanish - withdrawing from all communication suddenly and without explanation, even after a candidate has had an interview. 61% of candidates have experienced this.

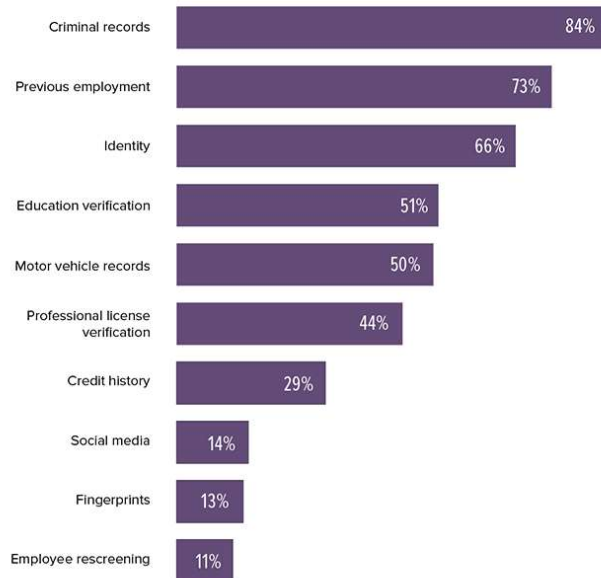

- <https://www.pwc.com/us/en/library/workforce-of-the-future/hr-recruiting.html>

# Check

- Digital reference capability
- Fully automated referencing from candidate submission to reference collection and notification to colleagues of completion.

## Most Popular Types of Employment Screening

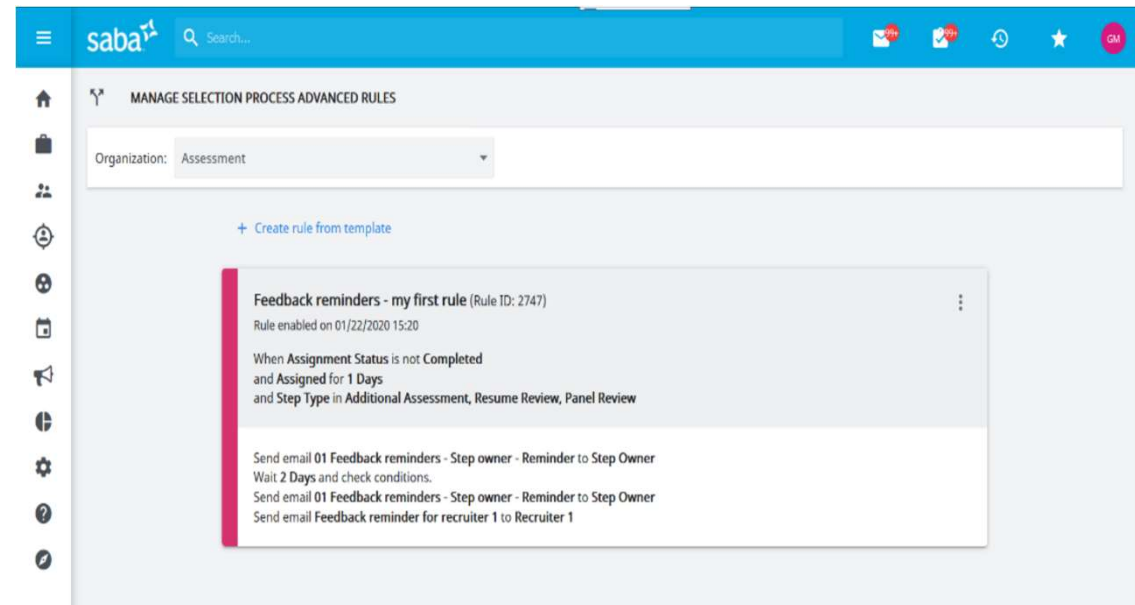

Source: 2018 HireRight Employment Screening Benchmark survey, conducted August-September 2017 among nearly 6,000 HR professionals.

# Rules Engine

Enhanced & Automated Communications delivery to suit your process and your organisation.

- Advanced rules in the approval and selection process
- User assignment reminders
- Candidate assignment reminders
- Interview reminders
- Reminders for step coordinator, recruiting team members, operational team members
- Notifications for unassigned candidates
- Advanced rules can be defined for your Job Approval Processes to send:
  - Approval reminders to approvers and to other concerned users
  - User notifications when job is approved or rejected

**“39% of candidates said that if they’re turned down during the interview process, they want to hear from someone they interviewed with. And 78% said they’d like an explanation and some feedback if they’re turned down after interviewing.” \_PWC**

**What are your pain communications pain points?**
